

METALS 2010

The Metals 2010 Trade Show will be located in the foyer area of the technical sessions. Each exhibitor will have a 6ft table and the possibility to stage their posters. The space will not be separated by pipe and drape as this will be a table top exhibit that can remain un-supervised.

COM2010 VANCOUVER, BC

CONFERENCE OF METALLURGISTS

**METSOC OF THE CIM
OFFERS YOU TWO WAYS
TO HAVE A BIG IMPACT
AT THE CONFERENCE**

held in conjunction with
Lead-Zinc 2010

WHY PARTICIPATE?

- * COM 2010 is Canada's premiere event for the Metallurgical and Materials industries.
- * With 15 booth spaces, exhibitors are guaranteed high visibility!
- * Directly market your products and services to a wide cross-section of industry professionals.
- * Includes one registration for the conference technical program.

WHO WILL BE ATTENDING?

500 delegates from 25 countries around the world: company executives, senior metallurgists, professional engineers and researchers.

WHEN AND WHERE?

The schedule will be posted on the website.

The fair is located at the Hyatt Regency Vancouver Hotel where the technical sessions will be held.

HOW MUCH FOR SPACE RENTAL?

The fee for the 10' feet wide space with 6ft table is \$1,500CDN tax included.

WHAT IS INCLUDED AT MY EXHIBIT SPACE?

This fee includes:

- * free listing in the CIM Magazine (circulation over 10,000)
- * one full delegate registration
- * An opportunity to participate in plant tours
- * Viewing of the Poster Session highlighting current metallurgical R&D
- * Please visit our website for reservation and cancellation policies

And the best reason to participate... the technical program with International Symposia and Theme Sessions:

- * Lead-Zinc 2010
- * Advances in Refractories for the Metallurgical Industries V (in honor of Michel Rigaud)
- * Materials for Clean Energy Systems
- * Management of Innovation
- * Materials Degradation and Control
- * Sustainability for Profit in the Metallurgical Industries
- * Nanomaterials
- * Rheology and Processing of Fine Particle Systems, and
- * Light Metals - Aluminum, Magnesium, Titanium.
