

# Table of Contents

## **VOLUME I:**

### **CHLORIDE METALLURGY 2002, PRACTICE AND THEORY OF CHLORIDE/METAL INTERACTION**

#### **INTRODUCTION**

History of Chlorine  
*F. Habashi*

#### **PGM's, AU, AND AG**

High Temperature Chloride Assisted Leach Process to Extract Simultaneously Cu, Ni, Au and the PGM's from Various Feedstocks  
*C.J. Ferron, C.A. Fleming, P.T. O'Kane and D. Dreisinger*

Recovery of Precious Metals from Metallurgical Residues by Applying the PLINT Process  
*C. Frías, J. Palma, M.A. García and G. Díaz*

Thermodynamics and Kinetics of the Dissolution of Gold under Pressure Oxidation Conditions in the Presence of Chloride  
*J. Q. Liu and M.J. Nicol*

Production of High Purity Silver from Silver Chloride  
*J.E. Hoffmann*

Chloride Leaching for Silver, Copper, Lead and Antimony Industrial Experience in the 600 tonne/day Itos, Bolivia, Plant  
*D.W. Kappes*

#### **ENVIRONMENT AND TECHNOLOGY DEVELOPMENTS**

Studies on Dioxin Formation in Metallurgical Processes  
*A. Buekens*

Regenerative Thermal Oxidation for Non-conventional Applications and Chlorinated Gaseous Emissions

*G. Drouin and J.O. Gravel*

Improved Chlorine Recovery from Zircon Sand Carbochlorination

*D.F. McLaughlin and T.L. Francis*

Glass Membranes for Gas Separation in Magnesium Production

*A. Lindbrathen and M.-B. Hägg*

Electro-oxidation of Hydrogen Chloride to Chlorine in a Membrane Equipped Cell

*L. Liao and A. van Sandwijk*

## **MATERIALS OF CONSTRUCTION**

Utilising Titanium to Successfully Handle Chloride Process Environments

*R.W. Schutz*

Materials Performance in the Mixed Sulphides Precipitation Circuit of a Hydrometallurgical Nickel Laterite Plant

*W. Pascheto and M. Buarzaiga*

## **PYROMETALLURGY – FUNDAMENTALS OF CHLORINATION**

Use of Chlorine for Mineral Processing, Metal Extraction and Recycling via the Synthesis of a New Reagent

*I. Gaballah, N. Kanari, M. Djona and E. Allain*

The Role of Chlorine in Thermal Waste Treatment Processes – Separation and Recovery of Heavy Metals (ABSTRACT ONLY)

*J. Wochele, C. Ludwig, S. Stucki and A.J. Schuler*

Chloride Processes Applied for Different Raw Materials

*E.A. Brocchi, P.K. Jena, F.J. Moura, O. Barbosa-Filho and R.J. de Carvalho*

## **CHLORIDE METALLURGY OF SULPHIDES - HYDROMETALLURGY**

Chloride Hydrometallurgy for Complex Sulphides: A Review

*D.S. Flett*

Some Observations on the Chloride Based Treatment of Nickel-Copper-Cobalt Mattes

*G. Van Weert*

## **CHLORIDE METALLURGY OF SULPHIDES - PYROMETALLURGY**

Low Temperature Gaseous Chlorination for Sulphur Oxide Free Extraction of Copper from Chalcopyrite Concentrates

*I. Iwasaki, N.X. Fu, S.H. Tabaian, T. Tamagawa and M. Kobayashi*

Chloridising Volatilisation of Oxide Copper-Cobalt Ores

*A.V. Tarasov and P.A Kovgan*

Semi-commercial Tests of Chloridising Volatilisation of Pyrite Cinders and Gold-bearing Concentrates

*I.D. Reznik, A.V. Tarasov and V.S. Sorokina*

## **LATERITES – NICKEL/COBALT**

Process Water Salinity Effects in the Pressure Leaching of Cawse Nickel Laterite Ores

*J.A. Johnson, R.G. McDonald, B.I. Whittington, L.P. Quan and D.M. Muir*

Effect of Salinity on Nickel Laterite Processing

*A. Mezei, N. Verbaan, Q. Wang, I. Todd and J.H. Kyle*

Laterite Scale Formation and Dissolution in Chloride Solutions

*V.G. Papangelakis, D. Kambossos, M. Baghalha, M. Buarzaiga and M. Boissoneault*
